

VinaCapital's Danang Beach Resort garners another award

VinaCapital's Danang Beach Resort, featuring the Danang Golf Club, has capped off a highly successful 2011 with its fifth significant industry recognition. The 2011 Asian Golf Monthly Awards held this week saw the Danang Golf Club crowned as "Best New Course in Asia Pacific."

Now in its 12th year, the Asian Golf Monthly Awards is the region's premier poll of golfing facilities. The Awards were held as part of the Asia Golf Summit held on 2 November in Pattaya, Thailand.

This past year also saw the Danang Golf Club win two awards from Golf Specialist and Vietnam Golf Magazine, and the Danang Beach Resort as a whole won two awards at the Bloomberg-sponsored Asia Pacific Property Awards in May, including "Best Golf Development in Asia Pacific." The latter recognition allowed the Danang Beach Resort to enter the World Property Awards, to be held in London in December.

Developed by VinaCapital, Vietnam's leading foreign real estate developer, the Danang Beach Resort and its Danang Golf Club features a Greg Norman-designed 18-hole golf course that opened to critical acclaim 18 months ago. It was named one of the top 15 new golf courses in the world for 2010 by golf.com.

Craig Douglas, General Manager of Danang Beach Resort, says: "We are delighted to be named 'Best New Golf Course in Asia Pacific' as the Asian Golf Monthly Awards are considered among the most prestigious golfing awards in the region. This is tremendous recognition for the layout and design of the whole Danang Beach Resort project. When you consider the competition for this award stretches all the way from Australia up to China and across the Middle East, you can see it is a great achievement."

The Danang Beach Resort is first truly integrated luxury resort in Vietnam, with a range of beachfront and golf-course fronting villa and condominium enclaves now under sales and development, including The Ocean Villas, Norman Estates, The Cham Condominium and The Dune Residences.

David Henry – VinaCapital's Managing Director of Real Estate, says "This award further strengthens our presence in the market as a quality developer with unique products. VinaLiving, VinaCapital's residential lifestyle brand, prides itself on delivering to Vietnamese clients truly world-class homes and communities, in terms of their design and quality. We aim to give our customers lasting value when they purchase a VinaLiving home, and awards such as this ensure that this achievement is met."
